

# Monthly Newsletter

 May 2016 

*"Hail Mary, full of grace. The Lord is with thee. Blessed art thou amongst women, and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death. Amen."*

Dear Families,

I would like to thank all of you for a great carnival. The students were very excited to show their dance moves and cute costumes. This month we have a packed month full of activities. First, we will be celebrating 3 birthdays this month. Happy Birthday to Emiliano, Kailee, and Jake!

We start off the month learning about generosity for the Virtue of the Month. Students will be able to share how they are generous at school or at home. They will also be starting a new chapter in Religion called "God Loves Us." They will learn about baptism and how God provides us with what we need.

Both groups will also be starting a new Math chapter. TK will be discovering color and shape patterns. They will also compare patterns to see how they are alike or different. Kindergarten will be comparing numbers. This will better prepare them for when they start subtraction later this month.

In Science, the students have started learning about the weather such as the wind and rain. We compared the different cloud shapes outside to better understand that not all clouds are the same shape or color. They will also be learning about the seasons and what clothing to wear in certain seasons.

The students have begun to learn about the past in Social Studies. We compared the First Thanksgiving to the Thanksgiving in the present. They are happy that they can just go to the store and get food instead of trying to get it in the wilderness by themselves. Both groups will be learning about the transportation and the people who have impacted America. For example, they will be watching a video of the Wright Brothers first flight that helped begin the idea of flying planes today.

Happy May everyone!

Sincerely,  
Ms. Vargas
